TRACKING NO. 0177-22

**RELATING TO AN EMERGENCY AND THE NAVAJO NATION COUNCIL;  
APPROVING AMENDMENT ONE TO THE FISCAL YEAR 2022 NAVAJO  
NATION HOUSING PLAN FOR THE NATIVE AMERICAN HOUSING  
ASSISTANCE AND SELF-DETERMINATION ACT OF 1996 INDIAN HOUSING  
BLOCK GRANT FUNDING; WAIVING 2 N.N.C. § 501 (B)(2)(b)**

**BE IT ENACTED:**

**SECTION ONE. AUTHORITY**

- A. The Navajo Nation Council is the governing body of the Navajo Nation. 2 N.N.C. §102(A).
- B. The Navajo Nation Council may approve emergency legislation to address any matter “constituting an emergency [that] shall be limited to the cessation of law enforcement services, and disaster relief services, fire protection services or other direct services required as an entitlement under Navajo Nation or Federal law, or which directly threaten the sovereignty of the Navajo Nation. Such an emergency matter must arise due to the pressing public need for such resolution(s) and must be a matter requiring final action by the Council.” 2 N.N.C. §164 (A)(16).

1  
2 **SECTION TWO. FINDINGS**

- 3 A. Public Law 104-330, the Native American Housing Assistance and Self-Determination  
4 Act of 1996 ("NAHASDA"), was enacted to provide housing assistance that recognizes  
5 the right of Indian self-determination and self-governance, through a block grant  
6 program known as the Indian Housing Block Grant ("IHBG")
- 7 B. Pursuant to 6 N.N.C. §§ 605 and 616, the Board of Commissioners of the Navajo  
8 Housing Authority ("NHA") is empowered with the authority to manage the affairs of  
9 NHA and with the power to do any and all things necessary or desirable to secure the  
10 financial aid of the Federal Government in the undertaking to provide safe, decent and  
11 sanitary housing to tribal members residing on the Navajo Nation.
- 12 C. Pursuant to 24 CFR §§ 1000.206 and 1000.212, NHA, as the Tribally Designated  
13 Housing Entity ("TDHE") for the Navajo Nation, is responsible for submitting the  
14 NAHASDA Indian Housing Plan ("IHP") on behalf of the Navajo Nation pursuant to  
15 24 CFR § 1000.501. NHA as the TDHE is responsible for monitoring CFR activities.  
16 ensuring compliance with applicable federal requirements and monitoring performance  
17 goals under the IHP.
- 18 D. NAHASDA requires that the IHP contain a certification that the Indian Tribe: (a) has  
19 had an opportunity to review the plan and authorized the TDHE to submit the housing  
20 plan on behalf of the tribe; or, (b) has delegated to such TDHE the authority to submit  
21 a plan on behalf of the tribe, without prior review by the tribe.
- 22 E. Pursuant to 2 N.N.C. §501(B)(2)(b), the Resources and Development Committee  
23 ("RDC") is delegated Council with the authority to grant final approval for the Navajo  
24 Nation's NAHASDA IHP. Through Resolution No. RDCJY-13-21, attached hereto as  
25 **Exhibit A**, RDC approved the FY 2022 Navajo Nation Indian Housing Plan in  
26 accordance with applicable Navajo Nation laws.
- 27 F. The World Health Organization (WHO) declared a Public Health Emergency of  
28 International Concern related to the outbreak of coronavirus (COVID-19) on January  
29 30, 2020, the U.S. Department of Health and Human Services declared a Public Health  
30

1 Emergency related to COVID-19 on January 31, 2020 and the WHO declared a global  
2 pandemic on March 11, 2020.

3 G. The Navajo Nation Commission on Emergency Management, with the concurrence of  
4 Navajo Nation President Jonathan Nez, declared a Navajo Nation Public Health State  
5 of Emergency on the Navajo Nation on March 11, 2020 due to COVID-19. Resolution  
6 No. CEM 20-03-11. The Navajo Nation Department of Health subsequently issued  
7 numerous Public Health Emergency Orders. Public Health Orders 2020-001 through  
8 2022-008 are incorporated by reference into this resolution.

9 H. As of September 27, 2022, NNDOH has confirmed 74,132 confirmed cases of COVID  
10 on the Navajo Nation, as well as 1,902 COVID-related deaths. The Navajo Nation  
11 Public Health State of Emergency is still in effect as of September 28, 2022.

12 I. Many Navajo Nation members are still suffering long-haul COVID viral effects and  
13 can no longer remain gainfully employed, some have lives lost from COVID with some  
14 children now living with grandparents, some are caretaking affected family members  
15 and some suffering economic setbacks exacerbated by the inflation caused by COVID  
16 globally that contributed to the high cost of fuel, groceries and basic necessities  
17 including payment of utilities.

18 J. The Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”), Public Law  
19 No. 116-136, was signed into law on March 27, 2020. The CARES Act responds to  
20 the COVID-19 outbreak and its impact on the economy, public health, state and local  
21 governments, individuals, and businesses.

22 K. While the federal, state, and tribal government(s) responded to such economic  
23 hardships, lingering post COVID-19 effects and its variants are still impacting families  
24 such that it still causing hardships in various ways, specifically including the imminent  
25 disconnection of utility services with winter weather on the horizon.

26 L. The Board of Commissioners of the Navajo Housing Authority, by Resolution NHA-  
27 5119-2022, attached as **Exhibit B**, requests the support and endorsement of the Navajo  
28 Nation Council to approve an amendment (Amendment One) to the Fiscal Year 2022  
29 Navajo Nation Housing Plan for the NAHASDA Indian Housing Block Grant funding  
30

1 by adding Emergency Assistance for Utility Cost as a new activity. *See also* Executive  
2 Summary attached as **Exhibit C**.

3 M. Resolution NHA-5119-2022 states that the amendment will “assist impacted families  
4 with utility assistance payments for low and non-low income families who have lost  
5 employment as result of the COVID-19 pandemic effects, and its other impacts that  
6 have caused price increases on food and gasoline. and that adversely impact costs for  
7 their daily necessities such as electricity, natural gas, propane, water and waste water,  
8 and are facing potential interruption of utility services through their local utility  
9 companies across the Navajo Nation.” **Exhibit B**.

10 N. The Navajo Nation Council finds that preventing the interruption of utility services for  
11 Navajo Nation families is a disaster relief service meeting the emergency provisions of  
12 2 N.N.C. §164 (A)(16).

13  
14 **SECTION THREE. WAIVING 2 N.N.C. § 501(B)(2)(b)**

15 The Navajo Nation hereby waives 2 N.N.C. § 501 (B)(2)(b) to the extent necessary for  
16 Navajo Nation Council, instead of the Resources and Development Committee, to approve  
17 an amendment Fiscal Year 2022 Navajo Nation Housing Plan for the NAHASDA Indian  
18 Housing Block Grant. This is intended as a one-time waiver.

19  
20 **SECTION FOUR. APPROVAL**

21 A. The Navajo Nation hereby approves an amendment (Amendment One) to the Fiscal  
22 Year 2022 Navajo Nation Housing Plan for the NAHASDA Indian Housing Block  
23 Grant funding to add Emergency Assistance for Utility Cost as a new activity as set  
24 forth in **Exhibits B and D**.

25 B. The Navajo Nation hereby approves the submission of the amended Navajo Nation  
26 Indian Housing Plan, including Amendment One approved herein, by the Navajo  
27 Housing Authority on behalf of the Navajo Nation.

28 C. The President of the Navajo Nation is authorized to take all steps necessary to  
29 effectuate Amendment One to the Fiscal Year 2022 Navajo Nation Housing Plan  
30 for the NAHASDA Indian Housing Block Grant.

Planned Program Benefits	<p>The Fiscal Year 2022 Indian Housing Plan (IHP) will continue to focus on modern housing needs and amenities of the Navajo Nation. New projects that will be initiated in FY2021 are multi-year projects and will carry over into FY2022. The NHA will continue to provide modestly design affordable housing opportunities to eligible and qualified Navajo families. NHA will provide assistance to all Navajo Nation Chapters on the Navajo Nation. This building initiative will require creating partnerships with multiple agencies, other service providers and Navajo communities. Navajo families participating in this initiative would benefit from housing related educational opportunities i.e. homebuyer education, credit counseling, crime prevention programs, after school programs, tenant subsidies, college student housing and coordination with other public service programs. Other multi-year initiatives could include leveraged funding of multi-family housing, utility and infrastructure assessments, planning and development with regional utility firms. NHA will continue to operate, maintain and retrofit current assisted housing stock under the 1937 Housing Act primarily with emphasis on full occupancy rate at 15 Housing Management Offices (HMOs). The Maintenance Program and improvement work plan will continue to be carried out by Housing Maintenance Technicians under the Maintenance Division. NHA will continue to improve its Land Information Management System to assist in identifying suitable land for housing development for the Navajo Nation. It is NHA's intention to provide professional support for floodplain delineations and provide technical assistance/support to master community planning efforts with stakeholders. NHA is mindful any funds expended for the benefit of non-low-income families will come from other leveraged resources through partnership, and not solely the IHBG. Other developments may include 1) Elderly group</p>	

	homes and independent senior housing complexes; 2.) Housing for college students that are attending school in close proximity to or on the Navajo Nation; 3) Housing for Veterans under the NHA Veterans Housing Assistance Program, 4) Navajo Nation Employee Housing. Should such discussions come to fruition it is anticipated a development plan will be created and developed for each Navajo Nation regional agency incorporating housing and infrastructure requested by various communities.
--	---

Geographic Distribution	The NHA Housing Maintenance Department are established at each of the 15 HM O's which allows them to cover all maintenance and repairs of public rental and homeownership units located throughout the Navajo Nation. All housing maintenance and major repair department plans are identified in this IHP; therefore, repairs and renovations are reasonably and readily addressed throughout all areas of the NHA service area including the satellite communities of the Navajo Nation. With NHA field offices established throughout the Navajo Nation, personnel are locally available to assist Navajo families with educating families on other housing program services, adherence with policies and lease and promoting Resident Organization. Lastly, DCSD is assisting 110 Navajo Nation Chapters in the development of sustainable community master plans using these model planning and completing housing and community demographic surveys. which will give guidance to NHA in initiating pre-development activities for each of the communities within the Navajo Nation to provide families with modest and modern housing designs and dwelling units.

**Maintaining 1937 Act Units, Demolition, and Disposition**

Maintaining 1937 Act Units

The 1937 Act Public Rental Units will be maintained by NHA fifteen (15) Housing Maintenance Departments. The Maintenance Division will address annual inspections, routine and preventative maintenance work orders, extraordinary maintenance, and move out repairs. Annual inspections will be conducted based upon an established schedule beginning on 10/01/2021 and ending at 100% on 09/30/2022. The annual inspections are to record deficiencies and note conditions within the units. Work orders will be generated to correct the identified deficiencies and/or to replace or repair the appliances. Preventative maintenance will be carried out on all appliances in the units throughout FY 2022. Extraordinary maintenance activities such as roof repairs, stucco repairs, painting the exterior and, erosion control, and interior repair projects, will be conducted throughout FY 2022. Move out repairs will be conducted upon move out of tenant and prior to re-occupancy. The move out repairs are intended to return the unit to a safe and sanitary condition, and to turn over to Housing Management Offices for reassignment to eligible families. Work orders will be generated for all services requested for public rental units and addressed within a timely manner in accordance with the NHA Maintenance Policy.

Demolition and Disposition

years. The useful life of the proposed units for rehabilitation activities under the NAHASDA FY2021 grant will be established on a graduated scale based on the estimated dollar value or Total Development Costs; however, this will be no more than 20 years. During this time period the units constructed will be made available to eligible families and the cost for construction, rehabilitation and model activities will remain affordable. Upon completion of a detailed cost analysis of Total Development Cost, the useful life provisions may be further amended. 1. Length of Useful Life: Every IHBG-assisted project must be used for affordable housing purposes throughout the useful life of the project (the "affordability period"). Pursuant to the HUD Office of Native American Programs, Guidance No. 2014-09(R), or the most recent HUD guidance, the affordability period for each project varies and depends on the amount of IHBG funds used. The affordability period is determined in accordance with the following guidelines:

IHBG Funds Invested	Affordability Period
Under \$5,000	6 months
\$5,000 to \$15,000	5 years
\$15,001 to \$40,000	10 years
Over \$40,000	15 years
New construction	20 years

**Fiscal Year 2022 Indian Housing Plan  
Executive Summary  
June 25, 2021**

The Navajo Housing Authority's (NHA) proposed estimate for Fiscal Year 2022 Indian Housing Block is \$82,999,286.00. Out of the estimated allocation, the Indian Housing Plan contains a proposed plan to utilize the estimated Indian Housing Block Grant for the amount of \$65,385,307. The projected allocation of \$67,385,307 is broken down into four (4) categories which include the Formula Current Assisted Stock (FCAS) and Modernization of 1937 Housing Act Units considered as Operating Subsidy for the amount of \$33,300,000; the NHA operating cost or Planning and Administration of \$12,964,390 which reflects up to 20% of the grant allocation. The fourth category is the Needs portion in the amount of \$19,120,917.

The Needs portion is divided into various eligible activities as depicted as described below and also shown in the attached summary of the IHP. The illustration below shows the allocations percentage for each eligible activity:

NHA Operating Subsidy	\$	24,050,000	37%
NHA Modernization	\$	9,250,000	14%
Planning/Administration	\$	12,964,390	20%
<b>Needs Portion:</b>			
NAHASDA O&M	\$	1,714,350	3%
New Construction (Rental & Homeownership)	\$	11,178,887	17%
Infrastructure Development	\$	1,950,000	3%

Model Activity	\$	3,327,680	5%
Rehabilitation to Unit(Non-1937 & Exist. HO)	\$	<u>950,000</u>	1%
	\$	<b>65,385,307</b>	

The estimated funding for new development activities are based upon NHA Development and Construction Services Division (DCSD)'s ongoing five-year plan that are selected from priorities of the local communities/chapters, and NHA-wide eligible needs.

The process for the compilation of the Indian Housing Plan is the responsibility of the NHA Grants Management Department. The Grants Management Department complies with the Indian Housing Block Grant (IHBG) Management Systems Policies and Procedures to prepare and compile the Indian Housing Plan on an annual basis. The process which may include holding public hearings throughout the Navajo Nation, issuing Request for Proposal (RFP) to the public through the media, and reviewing proposals for responsiveness. Allocation of IHBG funds are made based upon the responsive proposals which are evaluated and those receiving the highest rating. The drafted FY 2022 IHP was developed in May 2022 with the input and review from the NHA Branch Chiefs, and is ready to be presented to the NHA Board of Commissioners.

In Fiscal Year 2017 was the last time the Grants Management Department issued RFP for proposals to Navajo Nation public. Since then because of lack of administrative capacity of various sub-recipients, prior NHA management and Board decision eliminated further RFP which included the proposal evaluation, scoring and allocating any more grant funds to external partnership. As a result, RFPs has only been made available to internal NHA programs on an annual basis. Thus, the grant process begins in January of each year to the final approved by RDC in June/July and certified by Navajo Nation President in July, and the IHP is submitted to HUD by July 18<sup>th</sup>. The Public Hearing on IHBG allocation as stated in the Indian Housing Block Grant Management System Policies and Procedures, indicate that the NHA BOC makes the ultimate decision to approve public hearings each year, wherein, the Policy states that public hearings shall be conducted every year as authorized by the NHA Board of Commissioners in coordination with the Chief Executive Officer.

How NHA projects are funded are based on the proposals received from internal NHA Branches derived from the five-year plan to develop and prioritize projects for funding. For NHA internal program, evaluation and scoring of the proposals was also eliminated by prior management. The process for accepting grant proposals from internal NHA, Grants Management requires a One Year Plan, Planned Expenditure and number of units to be completed and number of households to be served.

Further, projects under the Needs category are considered grant specific projects that include its own salaries and benefits for O&M of NAHASDA Units, New Construction of Rental and Homeownership, etc. The detailed information can be provided by Finance Payroll Section and Human Resources Department.

Overall number of NHA Personnel:  
 Planning and Administration (20%) : 141

Maintenance and HMO	214
Temporary Employees	68
Project Grant Specific	<u>41</u>
Total Personnel:	464

Finally, in prior years NHA has funded an array of projects that continues to benefit low-income families. Since 2013, Federal discretionary funding to Indian Tribes for housing has been on a decline and continues to be a subject of debate by the Navajo Nation and U.S. Congress. This refocuses the Navajo Nation's and NHA's strategies to prioritize funding for affordable housing by promoting community master planning initiatives which integrates housing, community and economic development in its Indian Housing Plan.

After the IHP is summarized and is presented to NHA BOC by resolution, the IHP is then forward to Resources and Development Committee of the Navajo Nation Council legislative review and approval, and thereafter, the Navajo Nation President certifies the IHP and is forward to the HUD Southwest Office of Native American Program by July 16, 2022, which is the deadline to submit the IHP.

Attached is the detailed IHP in HUD EPIC version and a summary of the IHP for review and approval.

RESOLUTION OF THE BOARD OF COMMISSIONERS OF THE NAVAJO HOUSING AUTHORITY

Approving a Formal Amendment to the Fiscal Year 2022 Navajo Nation Indian Housing Plan for the Native American Housing Assistance and Self-Determination Act of 1996 Indian Housing Block Grant Funding by Adding New Program Activity

WHEREAS:

- 1. Pursuant to 6 N.N.C. Sections 605 and 616 (B)(3), the Board of Commissioners of the Navajo Housing Authority ("NHA") is empowered with the authority to manage the affairs of the NHA, with the power to do any and all things necessary or desirable, to secure the financial aid of the Federal Government in the undertaking of provide in safe, decent and sanitary housing; and
2. Public Law 104-330, the Native American Housing Assistance and Self-Determination Act of 1996 ("NAHASDA") was enacted to provide housing assistance that recognizes the right of Indian self-determination and self-governance, through a block grant program known as the Indian Housing Block Grant ("IHBG"); and
3. Pursuant to 24 CFR §1000.206 and §1000.212, the NHA, as the Tribally Designated Housing Entity ("TDHE") for the Navajo Nation, is responsible for submitting the Indian Housing Plan ("IHP") on behalf of the Navajo Nation pursuant to NAHASDA regulation 24 CFR § 1000.501. NHA as the TDHE is responsible for monitoring CFR activities, ensuring compliance with applicable federal requirements and monitoring performance goals under the IHP; and
4. NHA verifies that the proposed Fiscal Year 2022 Navajo Nation IHP, its certifications and contents, meet applicable federal laws and regulations including the NAHASDA regulations; and
5. NAHASDA requires that the IHP contains a certification that the Indian Tribe: (a) has had an opportunity to review the plan and authorized the TDHE to submit the housing plan on behalf of the tribe or, (b) has delegated to such TDHE the authority to submit a plan on behalf of the tribe, without prior review by the tribe; and
6. The NHA Board of Commissioners ("NHA Board"), by Resolution NHA-5044-2021, approved the Fiscal Year 2022 Navajo Nation Housing Plan as set forth in the attached Exhibit "A"; and
7. The Resources and Development Committee of the Navajo Nation Council, by Resolution RDCJY-13-21, approved the FY 2022 Navajo Nation Indian Housing Plan in accordance with applicable Navajo Nation laws, attached hereto as Exhibit "B"; and
8. The NHA Board in their response to the emergency crisis addressed by Navajo leadership from the Navajo Nation Office of the President and the Navajo Nation Council, hereby further amends the Fiscal Year 2022 IHP by adding a new emergency utility assistance activity to assist impacted families with utility assistance payments for low and non-low income families who have lost employment as result

## EXECUTIVE SUMMARY

Navajo Families Impacted by Utility Disconnection for Electric, Water/Wastewater, Natural Gas, and/or Propane Services Due to Lingering Effects of COVID-19

September 25, 2022

**Background.** The Navajo Nation President Nez contacted the Navajo Housing Authority (NHA) to join an emergency meeting held on Sunday, September 18, 2022, via Zoom. The NHA team comprised of the CEO Curley, DCEO Yazzie, and Legal Counsel Croxton. Other attendees included members of the RDC: Kee Allen Begaye, Mark Freeland, Thomas Walker Jr., and Wilson Stewart. The President and his executive staff included Paulson Chaco, DSS Director Deanna Neswood-Gishey and other key staff; and the NTUA General Manager Walter Haause and his key staff. The President stated the purpose of the meeting was the state of emergency brought to his attention from legislative leadership who were also on the call for a major number of utility system disconnects to be imposed by NTUA for over 10,000 families due to lingering effects of COVID-19. Some are still suffering long-haul COVID viral effects and can no longer remain gainfully employed, some have lives lost from COVID with some children now living with grandparents, some are caretaking affected family members and some suffering economic setbacks exacerbated by the inflation caused by COVID globally that contributed to the high cost of fuel, groceries and basic necessities including payment of utilities. While the federal, state, and local governments responded to such economic hardships, lingering post COVID-19 effects and its variants are still impacting families such that it still causing hardships in various ways.

**Purpose and Need.** Mr. Walter Haause, NTUA General Manager informed the leaders that an unprecedented volume of non-payment of utility bills for over 10,000 accounts would severely impact the obligations for NTUA to continue to pay for much needed electrical transmission line costs including water supply delivery and would not be able to sustain its operations. The President and Council Delegates then directed the tribal departments and tribal enterprises to collaborate and coordinate possible solutions to the dilemma at hand and to convene a “meeting of the minds” meeting on Monday, September 19, 2022, at 1pm.

A meeting was convened on Monday, Sept. 20 with the NTUA, NHA, DSS and OPVP scheduled at 1 pm held at the NTUA conference room. Representative attendees included NTUA Deputy General Manager Rex Kontz, NTUA Deputy CFO Gerard Curley, NTUA Wireless Manager Cheryl Bitsuie, NHA Deputy CEO Aneva Yazzie and DSS Director Deanna Neswood-Gishey. Mr. Curley presented NTUA’s analysis as shown in **Exhibit # 1 (NTUA Past Due Analysis)** that reflects 12,281 impacted families of which 7,365 remain subject to utility disconnection for a total amount of \$10,062,194 needed by NTUA in order to not disconnect electric and water services by a one-week delay to September 23, 2022. The only source of assistance provided by NTUA is their Affordable Wireless Connectivity program for low-income families for wireless services presented by Ms. Bitsuie.

DSS Deanna Neswood-Gishey arrived from a meeting held with Department of Energy officials on Low-Income Home Energy Assistance Program (LIHEAP). She reported that she shared the emergency utility situation to LIHEAP officials and they offered to assist by allowing up to \$20,000 per family to be assisted with utility payments; however, the new LIHEAP fund allocation could not be available to families until October 1, 2022. DSS also informed of other services for Navajo families that include Low-Income Water and Wastewater Assistance Program (LIWAP) and the US Treasury Homeowners Assistance Fund (HAF). She reported that HAF Program can assist homeowners funding assistance for mortgages and homeowner payments in arrearages including utility payments with funding available up to \$50 million to families and program administration costs up to \$5 million. Ms. Deswood-Gishey added that the HAF program still needed program set-up via the US Treasury Department and the Navajo Nation approval process and therefore, anticipated the program to not to be available to Navajo homeowners until January 2023.

NHA presented its programs from the U.S. Treasury Emergency Rental Assistance Program (ERAP) to assist qualified low-income renters with rent and utilities; CARES IHP for COVID-impacted needs that allows utilities payment assistance for both Low-income (LI) and Non-low income (NLI) families; and the regular 2022 IHP Indian Housing Block Grant (IHBG) program that can also assist with emergency utility assistance payments for primarily low-income and a small threshold (not to exceed 10% of the IHP) for non-low income families. However, due to the ERAP policy and procedures for applications and limited eligibility to only qualified renters with lease agreements and the program subject to ending on 09/30/2022 unless Congress extends the date, this was not an immediate viable option. Those families found not eligible for ERAP with need for utility payments would be eligible under the CARES IHP and/or the 2022 IHP.

**Updated Action (as of 09/23/2022).** A Special Board meeting was convened by the NHA Board with RDC officials attending the meeting on September 23, 2022. The NHA Board approved the CARES IHP Amendment No. 2 in response to the emergency situation at hand. Therefore, NHA will immediately route the approved CARES IHP Amendment No. 2 to RDC for legislative approval and begin preliminary meetings with resource entities to strategize the coordinated logistics of the assistance distribution plan to impacted families and all utility suppliers across the reservation including the band of Navajos in Ramah, Tohajiilee and Alamo, NM. NHA will begin the funding assistance upon receipt of HUD notification for its determination of amended CARES IHP compliance.

**Options for Immediate Solutions:** Based on these discussions, the following represents immediate viable options in addressing the emergency at hand:

1. Given the outlay of immediate funding resources described by each resource entity, NHA was in the prime position to immediately offer its program services under the 2022 IHP and/or the CARES IHP as emergency utility payment assistance services are eligible uses of the funds as verified by HUD in email to NHA dated 09/22/2022 (**see Exhibit #2**) .

Pursuant to 24 CFR 1000.232, NHA can request for IHP amendments to HUD. The most immediate consideration that would be beneficial to NHA and the NN is the use of the

IHBG funds from the 2022 IHP to address the immediate payment of the amount due for impacted families for \$10,000,000 to assist families impacted for electric and water services to be continued by NTUA. Such immediate assistance would allow significant funds drawdown from the eLOCCS system and offset the pending unspent fund balance with a deadline date of 09/30/2022. Such offset will reduce the amount of Undisbursed Funds Factor formula reduction for FY 2023 formula allocation to NHA. However, given the timeline of the IHP Amendment process and given the emergency need expressed by the Navajo Nation (NN), NHA will need to request consideration by RDC and the OPVP to process and pass an *emergency legislation* upon NHA Board review and approval for immediate submittal to HUD. NHA will also request HUD for emergency review for its determination of IHP compliance.

**Exhibit # 3** provides a summary of the IHP amendment that lists the current IHP activities to be reduced to accommodate the new activity for emergency utility payments in the amount of \$10,000,000. The activities removed or reduced can be replaced in future IHPs either by amending the FY 2023 IHP or add into the FY 2024 IHP for consideration by the NHA Board where NHA management will continue evaluation of all IHP activities impacted among accumulating capacity constraints imposed as a result of COVID-19 pandemic since March 2020.

2. With other concerns expressed from the tribal leadership, other families served by non-NTUA utility suppliers are also impacted for not only electric and water but also include propane and natural gas services especially in the checkerboard land areas in New Mexico. Such families in this segment of need live in areas served in the borderline areas of the reservation across our homeland (AZ, NM, and Utah) including the band of Navajos living in Ramah, NM; Tohajiilee, NM and Alamo, NM. This pocket of need can be served from the CARES IHP IHBG funds where payment of utilities to families impacted by COVID-19 is a direct eligible activity for both low-income (LI) and non-low income (NLI) families. However, data for this segment of need was not immediately available; however, as a matter of program equity for those families not served by NTUA but other suppliers would need equal funding level consideration especially with the cold weather season soon forthcoming upon families. Therefore, the NN would have to be ready poised to respond to this next wave of immediate need.
3. DSS would rollout their LIHEAP program immediately beginning October 1, 2022, to supplement the emergency utility assistance effort. Their processes would be integrated in collaborative fashion with NHA, NTUA and other utility suppliers to ensure controls to eliminate any duplicative services to impacted families. These coordinated efforts would be augmented when the HAF Program is set-up and rolled out in January 2023.
4. Upon approval by respective leadership entities (i.e., NHA Board, RDC and OPVP), a radio forum and social media campaign would be rolled out to announce the emergency utility funding assistance for impacted with families that have disconnect notices or have

services disconnected. Funding eligibility criteria and documentation requirements will be made clear for compliance and audit purposes. The detailed logistics would be defined between all parties upon funding approval to all concerned.

5. The resource funding entities would collaborate to established streamlined processes and procedures to meet respective regulatory and compliance requirements to immediately deliver services. NHA would coordinate the identification of families subject to utility disconnection with required application using the ERAP funding model. Such processes would screen to avoid duplicate services and other quality control measures needed by cross matching client databases as the first level of immediate assistance classified by LI and NLI. Concurrently, there would be a defined application process for non-NHA families/persons for remaining list of impacted families of NTUA and other utility suppliers to receive assistance.
6. Report outs to OPVP and the Council Delegates in their regions would be provided monthly with the emergency utility assistance services.

In summary, this serves the basis for the request to the NHA Board of Commissioners for consideration of the IHP amendment to the 2022 IHP by adding a new activity for \$10,000,000 to address the immediate need for impacted LI and NLI families served by NTUA for electric and water services. Other families impacted by other utility suppliers (non-NTUA) servicing families in the border area of the Navajo Reservation (AZ, NM, and Utah) including the band of Navajos living in Ramah, Tohajiilee and Alamo are also in need of water, electricity, propane, and/or natural gas as the cold weather season is on the horizon with potential unexpected emergencies. Furthermore, NHA intends to fully comply with the NAHASDA requirements in accordance with 24 CFR 1000.232 for the submittal of amended IHPs to HUD for their expedited review of the IHP amendment pursuant to 24 CFR 1000.230 to determine compliance.

Hello Aneva,

Thank you for your call today. To include an activity of Utility Assistance, an amendment to the CARES Abbreviated IHP and/or ARP Abbreviated IHP must be done. Leticia Rodriguez is available to provide technical assistance on the amendment process. Additionally, if NHA intends to include an activity of Utility Assistance in the FY 2022 formula IHP – a formal amendment must be submitted in EPIC very soon as the end of the FY 2022 is quickly approaching. The FY 2023 IHP is currently under review and NHA may continue to add activities.

If our office may be of further assistance, please let us know. Thank you.

Respectfully,  
Cheryl

**MEMORANDUM**

TO: Honorable Wilson Stewart, Jr.  
24<sup>th</sup> Navajo Nation Council

FROM:   
Dana Bobroff, Chief Legislative Counsel  
Office of Legislative Counsel

DATE: September 28, 2022

SUBJECT: **RELATING TO AN EMERGENCY AND THE NAVAJO NATION COUNCIL; APPROVING AMENDMENT ONE TO THE FISCAL YEAR 2022 NAVAJO NATION HOUSING PLAN FOR THE NATIVE AMERICAN HOUSING ASSISTANCE AND SELF-DETERMINATION ACT OF 1996 INDIAN HOUSING BLOCK GRANT FUNDING; WAIVING 2 N.N.C. § 501 (B)(2)(b)**

I have prepared the above-referenced proposed resolution and associated legislative summary sheet pursuant to your request for legislative drafting. Based on existing law and review of documents submitted, the resolution as drafted is legally sufficient. As with any action of government however, it can be subject to review by the courts in the event of proper challenge.

The Office of Legislative Counsel confirms the appropriate standing committee(s) based on the standing committees powers outlined in 2 N.N.C. §§301, 401, 501, 601 and 701. Nevertheless, "the Speaker of the Navajo Nation Council shall introduce [the proposed resolution] into the legislative process by assigning it to the respective oversight committee(s) of the Navajo Nation Council having authority over the matters for proper consideration." 2 N.N.C. §164(A)(5).

Please ensure that his particular resolution request is precisely what you want. You are encouraged to review the proposed resolution to ensure that it is drafted to your satisfaction.
