NAVAJO NATION CHILD SUPPORT GUIDELINES

I. INTRODUCTION

The Navajo Nation Child Support Guidelines are based on the Income Shares Model. The Income Shares Model is predicated on the concept that the child should receive the same proportion of parental income that he or she would have received if the parents lived together. A basic child support obligation is computed based on the combined income of the parents (replicating total income in an intact household). The Income Shares Model provides an objective basis for determining the average costs of children in households across a wide range of income.

The guidelines shall place a duty for child support upon either or both parents based on their respective financial resources. These guidelines shall be reviewed for possible revision at least once every four years to ensure that the amounts provided for in the guidelines are periodically adjusted for increases or decreases in the costs associated with the care and support of children within the Navajo Nation.

II. PURPOSE OF THE CHILD SUPPORT GUIDELINES

The purposes of the child support guidelines are to:

- A. Eestablish as Navajo Nation guidelines to determine policy an adequate standard child support payment of support for children, subject to the ability of parents to pay;
- B. Mmake support payments more equitable by ensuring more consistent treatment of persons in similar circumstances; and
- C. limprove the efficiency of the court process and administrative hearing process by promoting settlements and giving guidance in establishing levels of child support to the Navajo Nation Courts, Office of Hearing and Appeals, and the parties.

III. USE OF THE CHILD SUPPORT GUIDELINES

In any action to establish or modify child support, the child support guidelines as set forth in this section shall be applied to determine the child support due and shall be a rebuttable presumption for the ~~amount of such~~ award of child support. The Navajo Nation Child Support Guidelines shall be used for temporary and permanent orders, separations, dissolutions, and support decrees arising despite non-marriage of the parties. The Navajo Nation Child Support Guidelines shall be used by the Office of Hearings and Appeals and the Navajo Nation Courts as the basis for reviewing the adequacy of child support levels in non-contested cases as well as contested hearings.

IV. DETERMINATION OF CHILD SUPPORT AMOUNT

To establish or modify child support, the child support guidelines as set forth shall be applied to determine ~~the child support for~~ the amount of support due. A specific amount of child support should always be ordered, however, no matter how minimal, to establish the ~~principle of that~~ parent's obligation to provide monetary support to the child.

A. For the purposes of the Guidelines, specified in this section:

1. "Income" is defined as actual gross income of a parent if employed to full capacity or potential income if unemployed or underemployed. Income need not be imputed to the primary custodial parent actively caring for a child of the parties who is under the age of six or disabled. If income is imputed, a reasonable child care expense may be imputed. The gross income of a parent means only the income and earnings of that parent and not the income of subsequent spouses, notwithstanding the community nature of both incomes after remarriage;
2. "Gross income" includes income from any source and includes, but is not limited to income from salaries, wages, tips, commissions, bonuses, dividends" severance pay, pensions, interest, trust income, annuities, capital gains, social security benefits, workers compensation benefits, unemployment insurance benefits, disability insurance benefits, significant in kind benefits that reduce personal living expenses, prizes and alimony or maintenance received, provided:
 - (a) "Gross Income" shall not include benefits received from means tested public assistance programs or child support received by a parent for the support of other children. An assistance program is considered 'means tested' if eligibility for its benefits, or the amount of such benefits, or both, are determined on the basis of income or resources of the eligibility unit seeking the benefit. Means tested programs include Supplemental Nutrition Assistance Program (SNAP, formerly Food Stamps), Temporary Assistance for Needy Families (TANF), Supplemental Security Income (SSI), public housing, etc;
 - (b) For income from self-employment, rent, royalties, proprietorship of a business or joint ownership of a partnership or closely held corporation, "gross income" means gross receipts minus ordinary and necessary expenses required to produce such income, but ordinary and necessary expenses do not include expenses determined by the Court or Office of Hearings and Appeals to be inappropriate for purposes of calculating child support;
 - (c) "Gross Income" shall not include the amount of alimony payments actually paid in compliance with a court order;

- (d) "Gross Income" shall include the amount of child support actually paid by a parent in compliance with a court order; and
 - (e) "Gross Income" shall include a reasonable amount for a parent's obligation to support prior children who are in that parent's custody.
- 3. **Specifically excluded from gross income are actual child support received for child(ren) not before the court and benefits received from means tested public assistance program including but not limited to:**
 - a) **Temporary Assistance for Needy Families (TANF)**
 - b) **Supplemental Security Income (SSI)**
 - c) **Supplemental Nutrition Assistance Program (SNAP)**
 - d) **Guardians fixed income**
- B. Definitions as used in this Section:
 1. "~~C~~children of the parties" means the natural or adopted child or children or the parties to the action before the court but shall not include the natural or adopted child or children of only one of the parties.
 2. "~~B~~basic visitation" means a custody arrangement whereby one parent has physical custody and the other parent has visitations with the childre~~n~~ of the parties less than thirty-five percent of the time.
 3. "~~S~~shared responsibility" means a custody arrangement whereby each parent provides a suitable home for the children of the parties, when the children spend at least thirty-five percent of the year in each home and the parents significantly share the judies, responsibilities and expenses of parenting.
 4. **"Means-tested" Benefits means payment available to people who can demonstrate that their income and capital (their means) are below specified limits. This includes, but not limited to, Temporary Assistance to Needy Families (TANF), Supplemental Security Income (SSI), Supplemental Nutrition Assistance Program (SNAP), and General Assistance.**
- C. The basic child support obligation shall be calculated based on the combined income of both parents and shall be paid by them proportionately pursuant to Subsection I, **page 5** of this ~~section~~ **document**. If the parent is unemployed the minimum wage rate shall be used to ~~compute~~ **impute** the income of that parent, if the parent is physically capable of working, unless otherwise provided under these guidelines.
- D. Physical Custody adjustments shall be made as follows:

1. For basic visitation situations, the basic child support obligation shall be calculated using The Basic Child Support Schedule Worksheet A and instructions contained in Subsection I, page 5 of this ~~section~~ document. The Court or Office of Hearing and Appeals may provide for a partial abatement of child support for visitation of one month or longer; and
 2. For shared responsibility arrangements, the basic child support obligation shall be calculated using the Basic Child Support Schedule, Worksheet B and instructions contained in Subsection I of this ~~section~~ document.
- E. In shared responsibility situations, each parent retains the percentage of the basic support obligation equal to the number of twenty-four-hour days of responsibility spent by each child with each respective parent divided by three hundred sixty-five.
- F. **Adjustment to Gross Income**

When calculating the gross income of a parent for purposes of the Navajo Nation Child Support Enforcement Act, the following adjustments to gross income shall be made as deductions from gross income.

1. **Amounts of court-ordered alimony and child support actually paid; and**
2. **Amounts necessary for minimal costs of food, shelter, clothing and transportation in maintenance of the parent; and**
3. **Amounts of insurance premiums; and**
4. **Amounts paid in mandatory taxes, medical insurance and social security deduction.**

FG. Subsequent Family Credit

Credit can be afforded to both parent for any additional biological or adopted child(ren).

1. **Credit will be considered if verification of paternity and/or adoption decree is received along with verification of income, any medical or education expenses, child care, mandatory deductions, travel expenses and other child support obligation currently being paid.**
2. **In multiple child support cases where orders have not been established, the application of child support awards shall be considered fairly.**
3. **The court may deviate from the amount of child support indicated by the child support guidelines if the amount of support so indicated is unjust, inequitable, unreasonable, or inappropriate under the circumstances or not in the best interest of any child involved. If the court deviates from the amount of child support indicated by the child support guidelines, the court shall make specific findings of facts supporting such action.**
4. **The court shall not take into account any stepchildren of either parent in determination of the child support obligation, but in making such**

determination, the court may take into account reasonable support obligations of either parent as to only natural, legal or legally adopted minor children in the custody of the parent.

- H. The cost of providing medical and dental insurance for the children of the parties and the net reasonable child care costs incurred on behalf of these children due to employment or job search of either parent shall be paid by each parent in proportion to his/her income, in addition to the basic obligation. ~~While acknowledgment or establishment of parentage for purposes of receipt of medical and dental services through the Public Health Service, Indian Health Service (IHS), is required, each parent shall provide their proportional share of the cost of supplemental medical and dental insurance which may be available to them through their employment.~~
- G.I. The child support may also include the payment of the following expenses not covered by the basic child support obligation:
1. Any extraordinary medical, dental and counseling expenses incurred on behalf of the children of the parties. Such extraordinary expenses are uninsured expenses in excess of one hundred dollars (\$100) per child per year; and
 2. Any extraordinary educational expenses for children of the parties; and
 3. Transportation and communication expenses necessary for long distance visitation or time sharing.

J. Modification

In accordance with the Navajo Child Support Enforcement Act, the Department is authorized to review and modify child support orders to comply with the provision of §1707.

Either parent may petition the court for an order to modify child support based on a showing of a change in circumstances. The non-petitioning parent is required to appear and show cause why the current support order should remain unmodified.

A person obligated to pay support, or the person entitled to the support, may petition the court for modification if there is 20% increase or decrease of income.

K. In-Kind/Non-Cash Contribution and Services

Under special circumstances, the custodial parent and non-custodial parents may mutually agree to in-kind support. When the court deems appropriate, the court may allow part of the child support obligations to be paid with in-kind contributions and/or services. The court shall assign a fair market value to the in-kind contribution and/or services and apply the amount to the current obligation. In-kind contributions and/or

services shall not satisfy assigned support obligation or child support arrears. The following are examples of In-kind:

- a) **A cord of firewood,**
- b) **Livestock (sheep, goat, cattle, etc.)**
- c) **Repairs on the custodial parent's abode,**
- d) **Game (elk, deer, turkey, etc.)**
- e) **Payments of custodial parent's home utilities, vehicle, etc.,**
- f) **Maintenance of custodial parent's home and yard,**
- g) **Maintenance of children's basic needs.**

In calculating the value of In-kind services, the court shall take into consideration the area of the Navajo Nation where the parties reside as prices and wages differ in each area.

All orders with In-kind support will be temporary order of one year or less as non-cash services and resources are difficult to monitor and guarantee. A six (6) month review may be set.

HL. Deviations

1. The Office of Hearings and Appeals or court may order child support in an amount different from that which is provided in these guidelines, only if all of the following five criteria are met:
 - (a) Application of the guidelines is inappropriate or unjust in the particular case; and
 - (b) Deviation is in the best interest of the child(ren) for whom the child support obligation is being established; and
 - (c) The Office of Hearings and Appeals or court states what award amount is calculated by application of the guidelines; and
 - (d) The Office of Hearings and Appeals or court states the amount of child support which is actually awarded after the deviation.
 - (e) The Office of Hearings and Appeals or court makes written findings regarding items (a) through (d), above.
2. Whenever application of the child support guidelines set forth in this section requires a person to pay to another person more than forty percent (40%) of his/her gross income for a single child support obligation for current support, there shall be a presumption of a substantial hardship, justifying a deviation from the guidelines. The needs of the child will take precedence when deviating from the guidelines.

**BASIC VISITATION
INSTRUCTIONS FOR WORKSHEET A**

Line 1. Gross Monthly Income:

Includes all income, except AFDC, food stamps and supplemental security income. Use current income if steady. If income varies a lot from month to month, use an average of the last twelve months, if available, or last year's income tax return. Add both parents' gross incomes and put total under the combined column.

Line 2. Percentage of Combined Income:

Divide each parent's income by combined income to get that parent's percentage of combined income.

Line 3. Number of Children:

Enter number of children on Line 3 of worksheet.

Line 4. Basic Support:

Round combined income to nearest fifty dollars (\$50). Look at the basic child support schedule. In the far left-hand column of the basic child support schedule find the rounded combined income figure. Read across to the column with the correct number of children. Enter that amount in the combined column on Line 4.

Line 5. Children's Health and Dental Insurance Premium:

Parents who may obtain medical and/or dental insurance at a reasonable cost through their employment are required to obtain such insurance. Both parents shall disclose to NNCSEP the cost of any medical and/or dental insurance available through their employment. Enter the cost paid by a parent for covering these children with medical and dental insurance under that parent's column on Line 5. Add costs paid by each parent and enter under the combined column on Line 5.

Line 6. Work-Related Child Care:

If child care is currently being provided, enter the cost paid by each parent for work-related child care. If no child care is currently provided, but is necessary to allow the custodial parent to seek or maintain employment, then insert the documented cost of available child care. If the cost varies (for example, between school year and summer), take the total yearly cost and divide by twelve. Enter each parent's actual child care payment in that parent's column on Line 6. Add the cost for both parents and enter in the combined column on Line 6.

Line 7. Additional Extraordinary Costs:

Enter the amounts paid by each parent for any extraordinary medical, dental, counseling, educational expenses children incurred on behalf of the children, and transportation and communication expenses necessary for long distance visitation or time sharing. Add the cost for both parents and enter in the combined column on Line 7. For initial establishment of child support, there is no recoupment of past extraordinary costs. For modifications of child support, extraordinary costs may be recouped.

Line 8. Total Additional Support Costs:

Enter the amounts from Lines 5, 6 and 7 in the column for each parent in order to determine the amounts actually to be paid for medical/dental insurance, work-related child care, and additional expenses.

Line 9. Total Basic and Additional Support Costs:

Add the basic support amount from Line 4 and the total additional support costs from the combined column on Line 8.

Line 10. Multiply the total basic and additional support costs amount from Line 9 by the percentage for each parent from Line 2 to calculate each parent's child support obligation. The sum of these amounts in the combined column must equal the amount from Line 9.

Line 11. Enter each parent's amount of total additional support costs from Line 8.

Line 12. Subtract the amount of each parent's total additional support costs from Line 11 from each parent's total basic and additional support costs entered on Line 10 to arrive at each parent's net monthly child support obligation. The Custodial Parent is deemed to be providing that amount of child support costs. The Absent Parent's net monthly child support obligation shall be entered into the space provided, and shall be the amount paid to the state Title IV-D child support enforcement payment clearinghouse on a monthly basis.
